

Best Practices of College

Best Practices of College - Academic Year 2022-23

Practice No. 1: Skill and Capability Enhancement Programmes (SCEP)

Objectives:

1. To teach students by using a practical method and experiential learning to comprehend the knowledge imparted.
2. To improve students' abilities to apply their knowledge to confront and overcome problems in the actual world.
3. To push students through a variety of tasks to uncover and refine their latent talents.
4. To improve students' capacity to make decisions quickly and at a high standard in a variety of sectors.

Practices:

1. Every Department organizes various types of events at the Departmental, inter-Departmental, inter – Collegiate and State levels to provide requisite platform to the students
2. Events such as Invited Talks, Role Play, Quiz, Essay Writing, Elocution, Aptitude Test, Innovative Concept Presentation, Research Paper Presentation etc. are organized to enhance skills of students.
3. To inculcate entrepreneurial skills, outreach programme and counselling sessions are organised. Also, interactive session with students who are running startups are organised.
4. Along with Mentor Mentee groups Peer Help Groups are also formed wherein weak students are supported and helped by bright students of their class.
5. Training sessions and workshops are organised to enhance skill and capabilities of students and align with industry requirement.

Practice No. 2: Connecting with Mother Nature (CMN)

Objective:

1. Maintaining greening in our college campus and in its immediate vicinity.
2. The creation of new green spaces wherever feasible, mostly on our college campus and in its neighbourhood.
3. Reducing the amount of plastic used by utilizing three Rs: recycle, reuse, and refuse.
4. To encourage environmental awareness among all stakeholders within our college and nearby community.

Practice:

The designated authorities make plans of execution with various kinds of activities such as –

1. Guest lectures by renowned environmentalists.
2. Awareness programmes.
3. Tree plantation drives.
4. Anti – plastic activities.
5. Cleaning of water bodies in the vicinity.
