

## Best Practices

### 1. Environment Consciousness

The college has a long-standing tradition of contributing substantially towards creating consciousness for conservation of environment. Understanding our responsibility towards mother nature – tree plantation drive is organized in the college every year. Such drives not only make students connect with the environment but also inculcate a sense of responsibility towards mother nature. The students bring various saplings including Ashoka, Neem and Bel Patra and participate in the tree plantation drive enthusiastically. Students alongwith teachers take an oath to look after the planted saplings and plant more and more trees. Efforts are made to protect existing plant and trees in and around the campus. Students have been planting trees in villages of Basai and Dhankot and adjoining places of the college.

Special guest lectures are conducted with the objective of making students aware about role of green plants in reducing environmental pollution and maintaining ecological balance.

We have nurtured a tradition to felicitate guests by giving a sapling to promote environmental consciousness.

**2.Swachhta Abhiyan** – It is everybody's responsibility and one should also keep themselves and their surroundings clean and hygienic. This brings good and positive thoughts in the mind and inhibit the occurrence of diseases. Therefore, in pursuant to the vision of Swatch Bharat Abhiyan our college launches the special cleanliness drive every year. Consequently, Swachta Abhiyan is also organized to generate mass awareness on cleanliness and hygiene among students and staff members. Rallies on theme connected with Swatch Bharat Abhiyan in and around the college is also conducted to create mass awareness on such issues.
