

Career Counselling and Entrepreneurship and Placement Cell

The Student led Placement Cell of Government College, Sector-9, Gurugram organized an insightful session on *14th October at 12:00 noon* in the college seminar hall on the theme **“Introducing VAll – A Platform for Youth Impact & Learning.”** The event aimed to acquaint students with VAll, an innovative digital platform that bridges academics with real-world social impact, connecting youth with meaningful learning and internship opportunities.

Mr. Sourav Tiwari (COO) began the session with a brief introduction to the objectives of VAll. The platform empowers students to **learn, lead, and give back to society** while developing *future-ready skills*. It partners with reputed nonprofit organizations, companies, and communities to offer **curated internships, projects, and challenges**. Through these engagements, students gain hands-on experience, social awareness, and build *proof-of-work portfolios* that enhance their higher education and employability prospects.

The event concluded with an interactive discussion where students expressed enthusiasm about exploring internship opportunities through the platform. The initiative was widely appreciated as it opened doors for students to contribute meaningfully to society while enhancing their professional and personal growth.

Overall, the session proved to be highly engaging and motivating, aligning with the college’s vision of holistic education and experiential learning. 107 students attended the session. Dr. Bhavna Yadav, Dr. Monika Yadav, Mrs. Vandana Yadav and Dr. Brijesh from college placement cell committee and Mr. Sajal and Ms. Deeksha from Medha were present in the session.
