ABOUT GC SEC-9 COLLEGE, GURUGRAM UNIVERSITY

Government College, Sector-9, Gurugram, established in 2003, is a co-educational institution offering a wide range of undergraduate and postgraduate programmes such as B.A., B.Com, BBA, B.Sc (Medical and Non-Medical), BCA, M.A. (Economics), M.Com, M.Sc (Mathematics) and MCA. The college is committed to providing analytical and value-based education, and has earned a strong reputation for academic excellence in the Delhi-NCR region.

Under the dynamic leadership of the Principal Ma'am and the dedicated efforts of the college team, the institution continues to grow and progress. The highly qualified and committed faculty members ensure quality teaching and mentor students in developing interpersonal, academic, and interdisciplinary skills by organizing various departmental and college-level activities.

ABOUT DEPARTMENT OF COMPUTER SCIENCE

The Department of Computer Science was established in the year 2004 with the objective of imparting quality education in the field of Computer Science. The Department has well qualified and proficient faculty members. The Department started Master of Computer Applications (MCA) programme in the year 2009 and Bachelor of Computer Applications programme in the year 2010. The Department has modern facilities for teaching and learning such as smart classrooms and Digital Lounge. The Department is well equipped with state-of-the-art laboratories of all major domains of Computer Science and Information Technology with excellent internet, servers, hardware and software support. The Department imparts technical and professional training and prepares the students for placements. Further, we organize campus interviews in which renowned companies hire the students through campus placement drive.

EDUCATION HARYANA**

ORGANISED BY:

**DEPARTMENT OF COMPUTER SCIENCE,
GOVT. COLLEGE SEC- 9, GURUGRAM
NAAC ACCREDITED GRADE B
AFFILIATED TO GURUGRAM
UNIVERSITY, GURUGRAM**

ABOUT THE SEMINAR

This seminar aims to highlight the transformative role of Information and Communication Technologies in building future-ready, environmentally responsible urban ecosystems. As rapid urbanization and technological advancement redefines development priorities, the seminar provides an essential platform to explore how ICT-driven innovations can address challenges related to sustainability, resource management, and inclusive growth. It seeks to bring together academicians, researchers, policymakers, and students to foster interdisciplinary dialogue and promote collaborative research aligned with national and global sustainability goals, including the Sustainable Development Goals (SDGs).

The seminar holds significant relevance as smart cities increasingly rely on technologies such as artificial intelligence, IoT, big data analytics, cloud computing, and green computing to enhance energy efficiency, improve mobility, strengthen e-governance, manage waste, and elevate overall quality of life. Through discussions on these emerging technologies, the seminar will emphasize creating resilient, citizen-centric, and environmentally responsible communities. It will also cover essential aspects such as cybersecurity, digital ethics, environmental stewardship, social inclusion, and policy frameworks that govern sustainable technological deployment.

By engaging thought leaders and innovators, the seminar aims to inspire impactful strategies and technological pathways that position India at the forefront of ICT-enabled sustainable development while encouraging participants to contribute meaningfully to creating smart, inclusive, and sustainable communities.

SUB-THEMES

- Smart Cities: ICT in Urban Governance and Planning
- IoT and Sensor Networks for Smart Infrastructure
- Artificial Intelligence and Big Data Analytics for Sustainability
- Green Computing and Energy-Efficient Technologies
- ICT for Renewable Energy and Smart Mobility
- Cloud Computing and Sustainable Digital Ecosystems
- Cyber Security, Privacy, and Ethics in Smart Communities
- ICT for Disaster Risk Reduction and Climate Action
- ICT-Enabled Healthcare Systems for Sustainable Societies
- ICT in Education: Digital Inclusion and Equity
- E-Governance and Citizen-Centric Digital Services
- ICT for Circular Economy and Waste Management
- Blockchain Applications in Sustainable Development
- Smart Agriculture and ICT for Food Security
- ICT-Driven Social Innovation for Inclusive Communities

CALL FOR PAPER

Papers are invited on the theme indicated. The paper presenter must adhere to the guidelines.

GUIDELINES FOR RESEARCH PAPER SUBMISSION:

- The paper should be relevant to the seminar theme.
- Papers submitted for presentation and publication in the proceeding must be original, previously unpublished, and not under consideration for publication elsewhere.
- The paper must be accompanied by an abstract having 250 to 350 words.
- The manuscript should not exceed 4000 words.
- Title of paper, Name of Author, Designation, University/ Institute, Email Address, and Mobile No. must be stated clearly on the cover page of the paper.
- Formatting of paper should be done according to IEEE standard format.
- Full paper should be sent by email to gcsec9seminar2026@gmail.com in MS WORD format only.

IMPORTANT INFORMATION

- Mode: Offline
- Number of Seats : 80

SUBMISSION DEADLINES

Abstract Submission with Registration Form: Dec 28, 2025
Full Paper Submission: Jan 5, 2026
